

School strike for climate – change the world by changing the rules

⊕ Greta Thunberg at TEDx talk Stockholm, Published on Dec 12, 2018

What did Greta hear about when she was 8? (2 details)	
What was she told to do to a) save energy? b) save resources?	
What did Greta think was very strange then? (2 details)	
What happened when Greta was 11? (3 details)	
What are autistic people not very good at?	
What does Greta say about the emissions of rich countries? (2 details)	
How many species go extinct every day?	
Why do people keep on doing what they do instead of reducing our emissions?	
When was Greta born?	
What might Greta's children or grandchildren ask her in 2078?	
What did Greta do in August 2018?	
What does Greta say about the climate crisis?	
Why does Greta think the school strike is a good idea although she misses lessons?	
Why doesn't Greta want to talk about hope, solar panels, wind power or circular economy at the end of her talk?	
What should people look for instead of hope?	
What has to change?	
When does the change have to start?
